

Home Communion Protocol: Porch Liturgy

- Wearing single use gloves and a mask, the Lay Eucharistic Visitor (LEV) will set up the communion on the porch or some area outside the home
- Set up will include a small table, individually packaged consecrated wafers and a printed liturgy
- After setting up, LEV will notify the household that communion is prepared
- If the household member and LEV is comfortable with the 10FT distance outside, the LEV may remove mask for liturgy
- If a member of the household is sick and cannot come outside, a member of the family will be invited to take a wafer and conduct the liturgy with the loved one
- The LEV will wait outside to hear from the family that all in the household have been communicated
- Concluding prayer will be said and a blessing asked for all involved
- All sacrament is either distributed or consumed by the LEV at the end of visits
- Communions are recorded and sent electronically to canondavid@epiphany-richardson.org

Please note: The communion wafers have been handled per [Episcopal Diocese of Dallas Communion Protocol](#).
